

K-Love is one of the few uplifting and wholesome radio stations on the air in our area. To take them off the air would be absolutely terrible! On many of the other stations you will hear profanity, sexual content, violence, etc. This is not what I want my kids or myself to be hearing on a daily basis -- garbage in = garbage out! K-Love's message of encouragement and righteousness not only touches my family, but anyone who listens to it.
